NEW ADVERTISEMENTS REEVE'S AMBROSIA FOR THE HAIR,

THE experience of over one hundred years in the cultivation and preservation of the Hair, is now embodied in this widely known preparation. For dressing, curling and preserving the Hair, it has no equal in the world. Three or four applications will stop the Hair from faling off, and if used occasionally, it will prevent hair losing its original color during a lifetime. No preparation equals it for assronating the hair quickly; and no preparation has been more extensively endorsed by the medical faculty for its perfect innocence as regards injury to the hair or head, and for its tonic effects upon the system. Price, large buttles St. Druggists, Dealers in Fancy Goods and Storekeepers generally, liberally dealt with. Betailed in all parts of the U.S., Canada, &c., Address.

CURE YOUR HORSES.

OME two or three months ago, a middle aged genticman, hailing from old Kentucky, zame to this place, and by handbils and otherwise announced himself a VETERINARY SURGEON, a graduate of a well-known Southers Veterinary College. We felt, as we still feel, quite satisfied that a gentleman in this capacity, who understood that a gentleman in this capacity, who understood the theory and was a practical adept in the cure of lame, diseased horses, would be cheerfully welcomed by our farmers, and owners generally of that noble animal. Before however, recommending Dr. MITCHELL to our agricultural community, we chose to wait for some practical proof of his skill and success in the veterinary art. That proof we now have. Some twelve or lifteen horses, some of them very had with RING-BONE, SPAVIN AND FARCY. and other diseases, have been placed under his treatment, and the cures that he has effected, and treatment, and the cures that he has effected, and his rapid progress in the cure of others still under treatment, have been somewhat remarkable, and given entire satisfaction to the owners. This statement is fully concurred ie by several gentleman of whom we have inquired, among whom we may mention, John H. Strider, Halltown, Jefferson co., W. Va., Jas. T. Reed, John H. Reed, C. King, S. V. Yantis, S. A. Cox, John J. Stevens, John E. Erwin, J. W. Neer, D. J. Young, Capt. U. S. A., Harper's Ferry, W. Va.

Most of these gentlemen have had horses under the care of Dr. Mitchell, and have cheerfully allowed the Doctor to reter to them touching their opinion of and confidence in his scientific knowledge and practical skill in the speedy and successledge and practical skill in the speedy and su ful removal of the various defects with whic valuable animal, the horse, is so frequently afflicted. (rj- Dr. MITCHELL can be found at the Shenan-oab House, Harper's Ferry, West Va. December 17, 1867-tl.

For their merit and great superiority over any and all other hives, we refer to any and all persons who have them in use, of whom there are many in this vicinity. We can vouch for over three hundred pounds of pure virgin Honey having been taken from three of these Hives in 1865, besides taken from three of these Hives in 1865, besides leaving an abundant supply for the winter use of the bees in the lower or breeding department.

As there are some persons in this county who have these Ulives in use who have no papers to show their authority for using them, we hereby notify them that we will place our claims for their use, with damages, in the hands of a Lawyer for settlement in the United States Court, if they disregard this retire by not obtaining the proper, authority from in the United States Court, if they disregard this notice by not obtaining the proper authority from us. We have paid our money for this right, and do not intend that it shall be used by any one without authority and payment of the patent fee. There is but one side to this question before the United States Courts, where the costs are very heavy, independent of damages. As weare reductant (though determined) to take this course, we hope no one will disregard this notice. This patent has been extended for seven years from the 5th of October, 1867. We also caution all persons (not authorized) against manufacturing said Hives in this county.

We have ordered some of Langstroth's new work on the Honey Bee, and expect soon to have them for sale.
